dreiklang +

Plot

Plot by the danish company Kvadrat consists of 100% Trevira CS.

It is characterized by high durability.

The images of the colors may differ from the original. Please use the material samples as reference. Other colors on request. Oeko-Tex Standard certified

Fabrics

The fabrics are removable, washable and, due to their elasticity, adjust well to the organic shape of the chair.

A pattern of colored topstitching is added to highlight the seating surfaces and increase the flexibility.

Protective strips made of Cordura, a high-strength and water-repellent material, are stitched underneath the chair.
