

yupita
dreiklang

The chair dreiklang by yupita is versatile.

The shape of the chair invites to discover,
sit, move, turn, stack, build and to be
touched.

It is fun, promotes body awareness and
stimulates the senses.

The seats are covered with Denim Jeans,
are robust and quilted.

Colorful, high-quality fabrics by Kvadrat
adorn the sides and are available in many
different colors.

The cover is removable, washable and
equipped with an all-round zip.

Max Knit

Max Knit / Kvadrat
as knitted

yupita
dreiklang

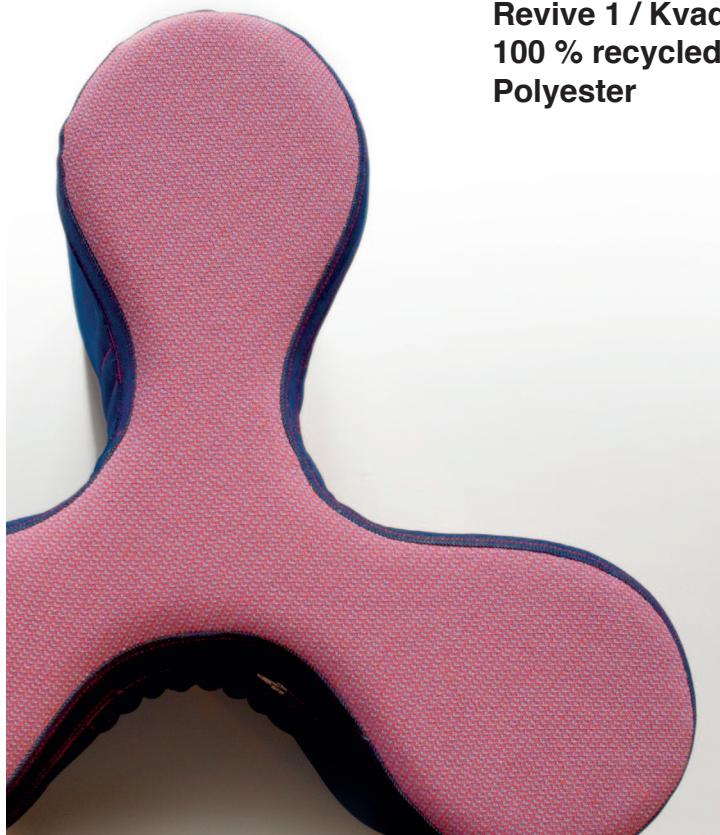

Max Knit by the danish company Kvadrat is a high strength, water-repellent, flame-resistant, elastic Trevira CS. It stands out for its rich structure and the diverse color combinations.

Max Knit combines an excellent stretchability with durability. Therefore, the substances are suitable and ideal for organically shaped seating.

Revive 1

With Revive 1 by the danish company Kvadrat textiles are made from recycled polyester with special attention to the reduction of harmful environmental influences.

Revive 1 is a washable fabric with high durability.

* The colors may differ from the original. Please use the material samples as reference. Other colors on request.

Cotton jeans

Bio Denim

A slightly elastic fabric made of organic cotton. From the cotton-field through production and coloring, this material is made according to the criteria of the Global Organic Textile Standard (GOTS)

Vom Bauwollfeld über die Produktion und Färbung ist dieser Stoff nach den Kriterien des Global Organic Textile Standard (GOTS) hergestellt.

* The colors may differ from the original. Please use the material samples as reference. Other colors on request.

Fabrics

The fabrics are pre-washed, removable and, due to their elasticity, adjust well to the organic shape of the chair.

The all-round zip is available in orange, yellow or red. A pattern of colored topstitching is added to highlight the seating surfaces and increase the flexibility.

Production

Our chairs are manufactured with great care and professionalism in small craft enterprises in Berlin.

We pay attention to the durability and the best possible environmental compatibility of our products.
